Import Student Support book from Student Services Book

1. Go to the course you want to bring the Student Support Book into.
2. In the Administration menu, click Import.

3. Type in the word Student in the Search box.
4. Click Search then select the course by clicking the radio button and then click continue.

5. Uncheck: Include filters, Include calendar events, and Include question bank and then click Jump to final step.

6. Import complete. Click Continue.

7. You will see the book in the top block along with another News forum. Delete the second News forum.
